Wiper systems - To Trust and Count On

With 30 years experience and continuously developments we are now one of the world leading suppliers of windscreen wiper systems .

We have complete systems with arms and blades covering from 280mm (11") up to 900mm (35").

Our innovative and reliable products are highly appreciated by our customers and are used by the major boat builders world wide.

All components are of course made for harsh marine environments and gives you a trouble free use for years.
